

FORCE MES FLEX

The smart factory's modular MES solution

THE MODULAR SOLUTION PROVIDING FACTORIES WITH EVERYTHING THEY NEED, AND NOTHING THEY DON'T.

F

IDENTIFY AND ADDRESS UNIQUE PAIN POINTS

Analyze, control, and optimize production processes in one central data hub with modular additions to help you tackle your top priorities.

REAL TIME INFORMATION & INSIGHTS

Performance Analysis app rings KPIs and reports to the fore view for quick and agile decision making.

F

F

TRANSPARENCY THROUGHOUT THE PROCESS

The Traceability app displays when, how, and where a product was manufactured, stored, or transported along the supply chain.

LONG-TERM EFFICIENT PLANNING

Intelligent algorithms built into MES FLEX help minimize lead times and reduce production costs.

F

F

ENERGY CONSUMPTION INSIGHTS

Energy Monitoring app tracks energy consumption of each machine and flags machines consuming energy outside of pre-set limits.
